

Gray Ghosts Fly Tying - An Outreach Program of the Sebago Chapter of Trout Unlimited

We generally meet on the second and fourth Tuesdays on the month during November thru March. Our meeting place is The First Parish Congregational Church, 116 Main Street in Yarmouth, Maine. Our sessions run from 6:30 to 8:30 pm

Our Facilitator and Program Director is Rod McGarry flyrodmcgarry@gmail.com 207-615-4804. He can help with program resources, questions, and comments.

You can expect a fly tying demonstration and lesson led by a featured tyer. He or she will deliver the *what, why, and how* of the flies they will be tying. You should bring the tools and equipment you use for your fly tying. We will provide the hooks and materials for the flies that our lead tyer will be sharing with us that evening.

You can expect to go home with maybe even more. We run a raffle for our attendees at each session. There are two prizes 1) the flies our lead tyer has tied in our lesson and 2) a packet of selected fly tying materials.

You can expect to be asked to participate. We have a "Time for TU Tying Tips" at each session where designated attendees share some of the ideas that kicked them up to another level in fly tying.

You can expect to be asked to contribute \$5 to cover the costs for the material and hooks, the raffle we provide, and a chip in for hall rental . Thanks.

You can expect to have a noticeable increase in the quality and uniformity of the flies you tie.

You can expect to meet and share common interest with some of the nicest people you can find in the Grand State of Maine. I never met a fly tyer I didn't like.
